With **MyClassPro** there are **no setup fees, no hosting fees, no support fees...no hidden fees** what so ever!

There are **no limits** on Support Requests. You can email or call us anytime! If you want us to call you, heck, we'll do that too! (At no charge of course!)

With **MyClassPro**, you only pay your monthly service charge, which can be as low as **\$19.95/month** (for the Basic Monthly Plan) or a maximum of **\$54.95/month** (for the Advanced Monthly Plan).

The following is from the **Titanium** Terms of Service Agreement:

*Further, Account Holder understands that should Account Holder cancel their account at any time for any reason, or if Boot Camp Web and its affiliates cancel an Account Holder's account at any time for any reason, or if Boot Camp Web cancels overall services at any time for any reason, their **web site files and content are not transferable and cannot be hosted or modified by any other agency and will not be relinquished to Account Holder's ownership** by Boot Camp Web or its affiliates.*

Since **MyClassPro** is a "plug in" service, we don't hold your files "hostage"! Should you decide to cancel your account, you still retain your site and all Client information can be exported from your account.

From Titanium’s FAQ section:

Question 17:

What if I need custom graphic design work (i.e. advertising banners, FLASH animation, etc.) performed for my Titanium web site?

Answer:

*Although Titanium was designed to allow you total control over your web site, you may still need custom design to add some pizzazz to your site. We are available to do this work for you at our **hourly rate of \$85**, with a half hour minimum.*

With **MyClassPro**, if you need a change to your **MyClassPro** account that is NOT beneficial to all accounts, you’re charged only \$30 per hour, with a half-hour minimum. If your request is deemed beneficial to *everyone*, there is no charge at all.

Titanium Customized Emails

"You will now be able to customize what your Registration Confirmation Emails say. You can be as specific as you want to be with your New Camper Registration Emails (perfect for campers who have Camper Welcome Packets)."

MyClassPro Customized Emails

Not only do you get customizable **Registration Confirmation Emails**, you also get **Class Reminder Emails** (reminding Clients of upcoming camps for which they've signed up), **New Member Reminders** (for those that register but have not yet signed up for a camp), and a **Payment Auto-Responder** so you can thank clients immediately after payment has been accepted through PayPal.

Titanium Camper Management

"You will now have the power to move campers from one location to another. This tool is especially helpful if you don't fill a camp and have to move or postpone it. Your registered campers will now have another camp assigned to them, so they don't have to re-register and you don't lose track of them or their continued business."

MyClassPro Camper Management

With **MyClassPro**, it only takes one click to move all the campers from the cancelled camp into another camp.

If a camper tries to sign up for a camp that's reached its attendance limit, a Waiting List is automatically enabled offering the Client the option of being added to the Waiting List or sign up for one of the listed alternative camps. If a spot opens up for the camp, the first person on the Waiting List is automatically moved into the camp and an email notification is sent to the Client.

Titanium Camper Payment Confirmation

"You will now have the ability to checkmark all campers who have paid via Cash or Check. This will allow you to keep track right on the web site of accounts that are current or delinquent."

MyClassPro Client Transaction Logs and Payment Management

Transaction Logs for EACH Client automatically displays payments made online via credit card, eCheck, and Class Passes. You can also manually add cash or check payments made by each Client in person or via postal mail.

Want to only accept payments via the internet? **MyClassPro** has an Auto Delete feature that will remove a Client from a camp's signup list if payment has not been completed within 24 hours after the signup time. An email is sent to the Client at the time of removal prompting them to sign up again and complete payment.

MyClassPro also offers the ability to add discounts to camps with a discount code of your choosing, as well as Member Discounts that you can assign to individual Clients as a loyalty reward or birthday discount (for example).

The following is from the **Titanium** Terms of Service Agreement:

***Limit on Number of Emails:** Account Holder agrees to send a total of **NO MORE THAN 6 emails per month, per camp, per location, or to a total of 500 total recipients, whichever is less.** Boot Camp Web will monitor all email activity on a monthly basis and notify Account Holder once they have reached or exceeded their monthly limit. Should the Account Holder exceed their monthly limit after two notifications, Boot Camp Web reserves the right to deactivate Account Holder's mass email service or deactivate the Account Holder's Boot Camp Web Site account altogether without notice to Account Holder if it deems necessary to ensure the continuation of service for its other Account Holders and retain its good standing with its technology, search engine and hosting providers and services.*

All **MyClassPro** accounts include free email service **PLUS** a free newsletter service! Although email and newsletters are monitored to ensure the services are not being used for SPAM purposes, there are **NO LIMITS** on the number of mailings you can send. However, we do take SPAM *very* seriously. If an account holder is found to be sending SPAM, their accounts are immediately suspended and notification is sent to the account holder.
